The responsibility for these reports is distributed as follows:  
F. H. H. Kortlandt is the author of 5, A. H. Kuipers of 6. As to 1-4,  
J. Van Eijk collected the Lillooet material, J. Timmers the Sechelt;  
the collection of Bella Coola material was begun by Kuipers in 1971  
and continued by H. Nater in 1972. Nos. 3 and 4 were written up in  
their final form by Nater. In no. 2 everybody was responsible for one  
language (in addition to the above, Kuipers for Thompson). No. 1 was  
written by Kuipers, except for Lists 3 (Van Eijk), 4 and 5 (Timmers).

A certain emphasis has been put on the presentation of primary  
data. We hope to expand this data-oriented approach at future confer-  
ences.
